YOUR BRANDS BRAND™

Through vertically integrated, Made-in-USA production, Royal Apparel acts as your manufacturing arm, transforming premium, luxurious fabrics and sustainable options into the foundation that elevates quality, strengthens perception, and enhances your brand image.

MADE IN USA

We are a vertically integrated apparel manufacturer, handling knitting, dyeing, cutting, sewing, and finishing in our own U.S. facilities to ensure quality, consistency, and speed. With our new West Coast Distribution Center and expanded Hauppauge, New York campus, we are scaling domestic production to meet your needs.

ECO+

Sustainability at Royal Apparel is built into the fibers we use. From organic cotton, recycled polyester, hemp viscose, and bamboo viscose to responsible dyeing and finishing, we reduce water, energy, and chemicals. Domestic production under strict standards helps brands lower impact and reinforce a more responsible future.

A photograph of a beach scene. In the foreground, a pile of dry sticks and twigs sits on a large, grey, textured rock. The background shows a sandy beach leading to a line of green dunes, and further back, a cluster of multi-story buildings under a clear, light blue sky.
